ETHICK

ETHICK - a brand that blends craftsmanship with modern design

Each planter is created in an advanced rotomoulding production facility, where every piece is crafted through a demanding, multi-stage process that requires both time and skilled professionals. This ensures that every shape is solid, stable, and refined down to the smallest detail.

The ETHICK collections encompass both simple, minimalist forms and bold, sculptural silhouettes that elevate contemporary interiors, terraces, and gardens. These planters are designed to meet the needs of architects, large-scale spaces, and clients seeking more advanced solutions.

Functionality goes hand in hand with sophisticated style: advanced water-drainage systems, the option to fill the base with stones for increased stability, and durable constructions ensure comfortable use in all conditions.

ETHICK to marka, która łączy rzemiosło z nowoczesnym designem. Donice tworzone są w wyspecjalizowanej pracowni rotomouldingu, gdzie każdy egzemplarz powstaje w indywidualnym, wydłużonym procesie – niczym w manufakturze premium. Dzięki temu każda bryła jest masywna, stabilna i dopracowana w najmniejszym detalu.

Kolekcje ETHICK obejmują zarówno proste, minimalistyczne formy, jak i śmiałe, rzeźbiarskie kształty, które podkreślają charakter nowoczesnych wnętrz, tarasów i ogrodów. To donice projektowane z myślą o architektach, przestrzeniach publicznych oraz klientach, którzy oczekują czegoś więcej niż standardowych rozwiązań.

Funkcjonalność idzie tu w parze z wyrafinowanym stylem: rozbudowane systemy odprowadzania wody, możliwość obciążenia donic, solidne konstrukcje zapewniają komfort użytkowania w każdych warunkach.

ULPHO collection

The ULPHO collection was created for enthusiasts of modern minimalism and pure geometric forms. Its defining feature is a cylindrical form with distinctly rounded edges – from low, wide flower pots to tall, slender ones. The uniform matte surface and perfectly balanced proportions emphasise the pots' massive character, enhancing the overall sense of stability and calm.

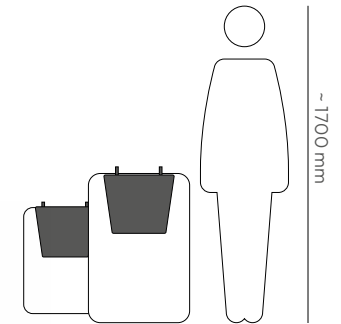

Kolekcja ULPHO powstała z myślą o miłośnikach nowoczesnego minimalizmu i czystych, geometrycznych form. Jej wyróżnikiem jest cylindryczna forma o wyraźnie zaoblonych krawędziach – od niskich, szerokich modeli po wysokie, smukłe warianty. Jednolita, matowa powierzchnia i doskonale wyważone proporcje podkreślają masywny charakter donic, potęgując wrażenie stabilności i spokoju.

The even, fine-grained texture gives the pots a consistent matte appearance. Any discolouration occurs naturally and results from the pigment blend applied.

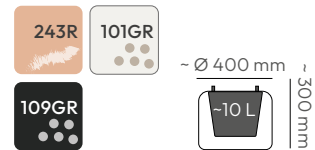

Równomierna drobnoziarnista faktura nadaje powierzchni donic efekt jednorodnego matu. Ewentualne przebarwienia powstają losowo i wynikają z zastosowanej mieszanki barwników.

Simple, elegant forms and a smooth matte surface give the pots a subtle, timeless character that perfectly complements the aesthetics of contemporary minimalism. The variety of shapes – from tall, slender pieces to low, bowl-like forms – allows for creating cohesive and well-balanced compositions both indoors and in the garden.

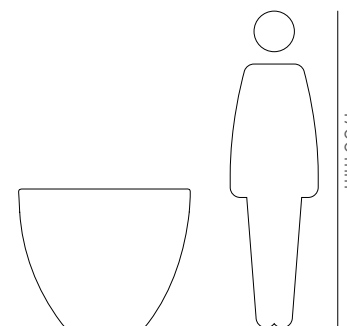

Kolekcja donic MOLIO to hołd dla klasyki w nowoczesnym stylu. Proste, eleganckie formy i gładka, matowa powierzchnia nadają im subtelny, ponadczasowy charakter wpisujący się w estetykę współczesnego minimalizmu. Różnorodne kształty – od smukłych i wysokich po niskie misy – pozwalają tworzyć spójne, wyważone kompozycje w domu i ogrodzie.

The even, fine-grained texture gives the pots a consistent matte appearance. Any discolouration occurs naturally and results from the pigment blend applied.

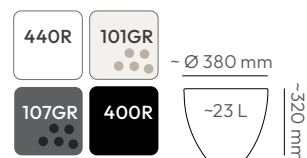

Równomierna drobnoziarnista faktura nadaje powierzchni donic efekt jednorodnego matu. Ewentualne przebarwienia powstają losowo i wynikają z zastosowanej mieszanki barwników.

CUBLA stepa tria

CUBLA stepa quatro

The Cubla Stepa flowerpot features a distinctive stepped design that combines modern aesthetics with functionality. Its form is built from rectangular segments that create a rhythmic, geometric composition. Each level provides an individual space for plants, enabling cascading and visually diverse green arrangements. The matte finish lends it a natural, raw character that pairs beautifully with contemporary spaces. Cubla Stepa is perfectly suited to spacious interiors, terraces, and entrance areas.

Cubla Stepa to donica o charakterystycznej, schodkowej konstrukcji, łącząca nowoczesną estetykę z funkcjonalnością. Jej forma opiera się na zestawieniu prostopadłościennych segmentów, które tworzą rytmiczną, geometryczną całość. Każdy poziom stanowi osobną przestrzeń dla roślin, umożliwiając tworzenie kaskadowych, a zarazem zróżnicowanych kompozycji zieleni. Matowe wykończenie nadaje jej naturalny, surowy charakter, który dobrze komponuje się z nowoczesnymi aranżacjami. Cubla Stepa doskonale sprawdza się w przestronnych wnętrzach, na tarasach i w strefach wejściowych.

GENECA collection

The GENECA collection celebrates the beauty of simple forms with striking geometry. The solid construction of rectangular bodies with precisely defined edges and wide, flat rims gives the pots a contemporary character and exceptional stability. The matte, subtly textured surface evokes modern architecture, bringing a sense of durability and refined order to any environment. GENECA pots are equally well suited to outdoor and urban spaces as they are to modern or industrial interiors.

Kolekcja GENECA celebryje piękno prostych form o wyrazistej geometrii. Solidna konstrukcja prostokątnych brył z precyzyjnie zarysowanymi krawędziami i szerokimi, płaskimi obrzeżami nadaje im nowoczesny charakter oraz zapewnia wyjątkową stabilność. Matowa, subtelnie chropowata powierzchnia przywołuje na myśl współczesną architekturę, wprowadzając do otoczenia wrażenie trwałości i eleganckiego porządku. Donice GENECA sprawdzają się zarówno w przestrzeniach zewnętrznych, aranżacjach miejskich, jak i we wnętrzach o nowoczesnym lub industrialnym charakterze.

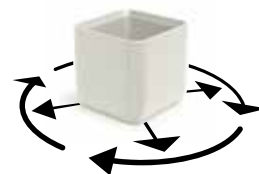

The even, fine-grained texture gives the pots a consistent matte appearance. Any discolouration occurs naturally and results from the pigment blend applied.

Równomierna drobnoziarnista faktura nadaje powierzchni donic efekt jednorodnego matu. Ewentualne przebarwienia powstają losowo i wynikają z zastosowanej mieszanki barwników.

TUBLA collection

TUBLA is a slender, cylindrical flowerpot with a solid construction and a distinctive silhouette. The slightly elevated base and raised interior reveal a design in which every detail is intentional – nothing superfluous, nothing accidental. The collection was created for spaces where conscious form and refined detail truly matter. Subtle, yet striking.

TUBLA to smukła, cylindryczna forma o masywnej konstrukcji i wyrazistej sylwetce. Delikatnie uniesiona podstawa i podwyższone wnętrze sprawiają, że każdy detal jest przemyślany – nic nie jest zbędne, nic nie jest przypadkowe. Ta kolekcja została stworzona z myślą o przestrzeniach, w których liczy się świadoma forma i dopracowany detal. Subtelna, a zarazem wyrazista.

The even, fine-grained texture gives the pots a consistent matte appearance. Any discolouration occurs naturally and results from the pigment blend applied.

Równomierna drobnoziarnista faktura nadaje powierzchni donic efekt jednorodnego matu. Ewentualne przebarwienia powstają losowo i wynikają z zastosowanej mieszanki barwników.
