Nowadays we have 3 production factories, multiple storage surfaces situated in 4 locations in Poland and logistic centers in Germany, Czech Republic and Hungary. Prosperplast aims in continuous development, modernity and flexibility. Our products are known from their quality, original and diverse designs, thanks to that they are more and more popular, not only among the European clients, but also in USA, Australia, New Zealand or Republic of South Africa, South America, Africa and Japan.

More information about the company and products available on our website **www.prosperplast.pl**

At present Prosperplast is one of the leaders among the manufacturers of plastic products not only in Poland but also in Europe. The wide range of products contains articles for home and garden, such as pots, composters, palisades, watering cans, shovels, toolboxes and articles for children (sledges, slides, ride on cars, etc.). Prosperplast was founded in 1993 in Buczkowice, a village located in the south of Poland. Since beginning it is a family corporation. The present headquarters are situated in Rybarzowice (south of Poland) and the sale offices and warehouses are located also in Germany, Czech Republic and Hungary.

In its origins the company was producing only plastic pots. However, in response to market needs and growing expectations of the clients the range of products has grown in time by several lines of products, such as: snow shovels, children articles, DIY and household.
