Making the right and informed decisions – combined with production technologies and continuous innovation have led to Prosperplast's rapid growth.

We think forward and ahead of time, so we can develop the best products on the market. With the growth of technology and continual evolution of consumer demands, our online presence had a makeover, so we can serve our B2B clients and help our B2C customers in a better online environment. Developing our new website we had three core objectives: to interest, inspire and educate. We can proudly say we have achieved all three goals and will continue growing our online platform to support our current and new customers on daily basis.

Our product offering is growing, so is our virtual world! Sign up to the Newsletter on our website to stay up to date with news from the world of Prosperplast.

Najbardziej ekologiczna opcja dostępna na rynku!
Ręczny pług do śniegu wyposażony w ślimakowy przenośnik wyrzucający śnieg na prawą stronę, co znacznie przyspiesza proces odśnieżania dużych powierzchni, również na terenie obiektów przemysłowych. Krawędź natarcia zabezpieczona aluminiowym okuciem. System połączenia sztyla z łyżką zgarniacza ułatwia montaż dla celów użytkowania i przechowywania. Mrozoodporny.

*The most eco-friendly option available on the market!
A hand powered manual snow blower shovel equipped with an auger that throws snow aside, which significantly speeds up snow removal from driveway and large areas, including industrial facilities.
The blade is reinforced with aluminum edge.
Click on/off connection system is a perfect solution for comfortable use and storage. Frostresistant.*

Cenione przez użytkowników technicznie zaawansowane, profesjonalne i bardzo wytrzymałe narzędzia na długie lata. Wypróbowane w trudnych warunkach, trwałe i odporne.

Wysokie parametry użytkowe i ergonomiczne, konstrukcja dopracowana pod kątem wytrzymałości, wydajności i uniwersalności zastosowań. Zastosowane innowacyjne rozwiązania zapewniają bardzo wysoką ergonomię i komfort pracy.

Valued by users these technically advanced, professional and very durable tools will last you for many years to come. The range has been tried in extreme conditions and proved to be durable and resistant for weather conditions.

Their high performance and ergonomic design, manufacture with consistency and attention to details make them required by the professionals and every day users. The innovative solutions used in design and manufacturing will ensure very high ergonomic and comfort at work.

SNOWER

40

Wytrzymała wielozadaniowa łopata do całorocznych zastosowań, o świetnych parametrach technicznych, wyposażona w wygodną dwukomponentową rączkę. Krawędź natarcia zabezpieczona aluminium okuciem. Mrozoodporna. Zastosowano innowacyjny system połączenia sztyła z korpusem łopaty za pomocą obrotowego 2-biegunowego (dwupozycyjnego) łącznika blokującego, zapewniający łatwy montaż dla celów użytkowania i demontaż na czas przechowywania.

Durable multi-purpose shovel for all season purposes with excellent technical parameters, equipped with a 2-component convenient handle.

The working edge is reinforced with an aluminum ferrule. Frost resistant.

An innovative system of connecting the shovel with the blade using a rotating, 2 (two-position) locking connector which ensuring easy assembly for use and disassembly for storage.

ergonomic two-component D-grip IU-14

Unikalna i progresywna myśl konstrukcyjna! To inteligentne rozwiązanie typu 2 w 1 zastosowane zostało dla podniesienie komfortu oraz efektywności grabienia i zagarniania sporych partii liści, trawy czy materiałów sypkich. Łopatograbie wyposażone są w duże, szeroko rozstawione zęby oraz aluminiowy sztyl i wygodną dwukomponentową rączkę. Mrozooodporne. Zastosowano innowacyjny system połączenia sztyli z korpusem za pomocą obrotowego 2-biegunowego (dwupozycyjnego) łącznika blokującego, zapewniający łatwy montaż dla celów użytkowania i demontaż na czas przechowywania.

Unique and progressive design idea! This smart 2in1 solution is designed to enhance comfort and efficiency when raking and scooping up large amounts of leaves, grass or loose materials. The rake loader features large, wide-spaced teeth, an aluminium haft and a comfortable two-component handle. Frost-proof. The innovative haft-to-body connection system with a 2-pole (two-position) rotating locking connector to enable easy installation for use and removal for storage was used.

BASIC RANGE

SHOVELS

DURABLE

FLEXIBLE

4 SEASONS

THERMO-STOP

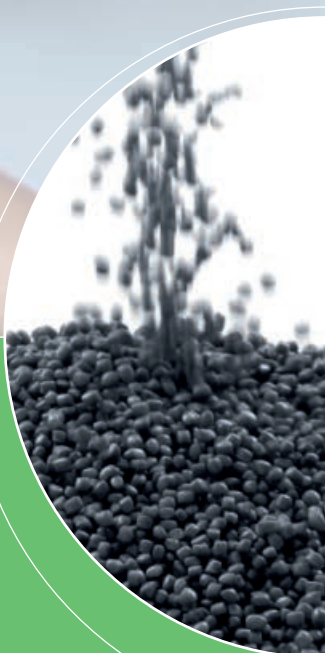

MULTI-PURPOSE

Nasze produkty projektowane są w taki sposób, aby ich recykling był możliwy i jak najprostszy. Zaawansowana technologia przetwarzania własnych tworzyw sztucznych pozwala na ponowne wykorzystanie powstałego surowca jako głównego składnika tworzywa. Narzędzia z serii BASIC RANGE potwierdzają, że produkty pochodzące z recyklingu są tak samo niezawodne, skuteczne oraz atrakcyjne wizualnie, jak artykuły wykonane z pierwotnego surowca.

Our products are designed in a way to reach the highest example of recent inventions in the world of plastic recycling and sustainability. The advanced technology of re-processing our materials allows us to reuse the material as the main component in any next production. BASIC Range is the best proof and confirms that products from recycling are just as reliable, effective and visually appealing as articles made of the original raw material.

Wychodząc naprzeciw potrzebom rynku, obok produkcji seryjnej, realizujemy również zamówienia uwzględniające indywidualne potrzeby i preferencje. Szeroka gama oferowanych przez nas komponentów zapewnia konfigurację kompletnego narzędzia od podstawowych rozwiązań ogólnego stosowania po zaawansowane technicznie, wielozadaniowe warianty, umożliwiające maksymalizację wydajności. Segment SPECIAL ORDER pozwala również na niemal nieograniczony dobór kolorów.

In response to growing market demand, along with standard production, we are welcome any orders with individual needs and preferences. The wide range of components and materials we offer make it for us possible to fulfill orders almost in any configuration with diverse solutions, technical requests, multi-tasking varieties, efficiency. SPECIAL ORDER range also allows us to create an endless colour selection.
